- CS<sup>2</sup> polyphonic melodies
- Fast Antennae Selection Technology (FAST)
- Pulse or tone dialling<sup>2</sup>
- GAP & PABX Compatible
- Integrated antenna on handset and base
- Up to 50 m maximum indoor range<sup>1</sup>
- Up to 350 m maximum outdoor range<sup>1</sup>

<sup>1</sup> - The quoted range is under ideal conditions, i.e. with no obstacles between the base and handset. The range of DECT cordless telephones depends on :

- the environment in which the base station is located : thick walls, metallic window frames etc. near the base will reduce the phones' range
- the presence of obstacles between the base station and handset : for example, when using a handset in the garden with the base station inside the house, the range may be reduced by the exterior wall of the house.

<sup>2</sup> - Network dependent

## Base features :

- Full duplex handsfree
- Direct access to Do-not-Disturb function
- Do-not-Disturb LED
- Full dialling keypad
- Paging function
- Loudspeaker volume controls
- Adjustable base ringer volume
